## ABOUT ME

Passionate and detail-oriented Front-End Developer with 3+ years of experience building modern, responsive, and user-friendly web applications using **React**, **Next.js**, **TypeScript**, and **Tailwind CSS**. I specialize in translating complex ideas into intuitive, pixel-perfect interfaces and integrating APIs to deliver seamless user experiences. Known for writing clean, maintainable code and optimizing performance across devices. I stay current with front-end trends and love collaborating with cross-functional teams to bring impactful digital products to life.

## WORK EXPERIENCE

📍 – ADDIS ABABA, ETHIOPIA

**FRONTEND WEB DEVELOPER** – 12/03/2023 – 18/06/2024

### Freelance / Contract Work

Built and deployed fully functional websites independently, including a **code-teaching platform** and a **professional business website**. Took full ownership of the development lifecycle—from planning and design to implementation and deployment—focusing on creating clean, responsive, and user-friendly applications.

### Key Responsibilities and Achievements:

- Designed, developed, and deployed responsive websites using **React**, **Next.js**, and **Tailwind CSS** without relying on external design files.
- Created an interactive **e-learning platform** featuring course content, user registration, and smooth navigation.
- Crafted UI/UX designs independently, ensuring intuitive user experiences and mobile responsiveness.
- Implemented reusable components and utility functions to maintain scalable code architecture.
- Engaged directly with clients to understand project goals and deliver tailored web solutions.
